Washington State Learning Goals

All students will develop the knowledge and skills essential to:

1. Read with comprehension, write with skill, and communicate effectively and responsibly in a variety of ways and settings.
2. Know and apply the core concepts and principles of mathematics, social, physical, and life sciences; civics and history, geography, arts, health and fitness.
3. Think analytically, logically, and creatively, and to integrate experience and knowledge to form reasoned judgements and solve problems.
4. Understand the importance of work and how performance, effort, and decisions directly affect future career and educational opportunities.
