WINTER SAFETY HINTS FOR BUS STUDENTS:

- *Make sure your students are dressed APPROPRIATELY for the weather, including clothing that can be seen in the dark. Delays may occur due to road conditions.*
- *Talk with your student about where to wait for the bus. Make sure that they stand back away from the roadway approximately 10 feet. Do not allow students to stand behind any objects where drivers cannot see them or stand near large puddles of water.*
- *If your student is late for the bus, make sure he/she does not run for the bus. Students may slip and fall into the roadway where vehicles cannot stop quickly. During slick winter road conditions, buses need extra room to stop.*
